

Protecting Lives and Property Worldwide

...for a Lifetime

Apollo Fire Detectors is one of the world's largest manufacturers of fire detectors, interfaces and alarm devices. Established in 1980, Apollo has become one of the top five manufacturers in the world specialising in the design and manufacture of high quality fire detection products.

Apollo is a member of Halma plc – a FTSE 200 holding company for over 40 subsidiaries worldwide, all of whom engage in specialist engineering activity.

Product Lifetime Guarantee

Our products save lives and protect property around the globe from the risk of fire; a huge responsibility and one we take very seriously.

Our Product Lifetime Guarantee provides a warranty on our products, which for detectors is 10 years (CO detectors, 5 years).

The guarantee supports our recommended working life of the product (detectors, 10 years and CO detectors, 5 years), and further endorses our commitment to our customers in providing them with reliable, quality fire detection products.

Apollo acknowledges the importance of life safety and system integrity and recommends the routine replacement of detectors after 10 years.

The Product Lifetime Guarantee is subject to terms and conditions. For further information, please refer to Apollo's General Conditions of Sale.

The product lifetime guarantee is subject to terms and conditions. For further information, please refer to our current General Conditions of Sale. 'Lifetime' refers to Apollo's recommended working life for its products, being 10 years (5 years for CO detectors).
