

Apollo World Class Fire Solutions

Apollo Fire Detectors is one of the world's largest manufacturers of fire detectors, interfaces and alarm devices. Established in 1980, Apollo has become one of the top five manufacturers in the world specialising in the design and manufacture of high quality fire detection products.

Apollo is a member of Halma plc – a FTSE 200 holding company for over 40 subsidiaries worldwide, all of whom engage in specialist engineering activity.

Why choose Apollo?

The best product for your customers

Apollo products are easy to install and maintain. They have low failure rates and sophisticated false alarm management technology.

Product choice

Apollo offers one of the broadest product choices available on the market with a product to suit all your customers needs.

Technology

Apollo invest time and money in new product development and are at the forefront of technological developments for the industry.

UK manufacturer

Products designed and manufactured at the Head Office in Havant, Hampshire.

Reassurance

Apollo products are rigorously tested to exacting standards before they leave the factory and hold over 2000 internationally recognised product approvals.

Vast installer network

Apollo boasts the UK's largest network of independent installers and can advise on the installer best suited to your needs.

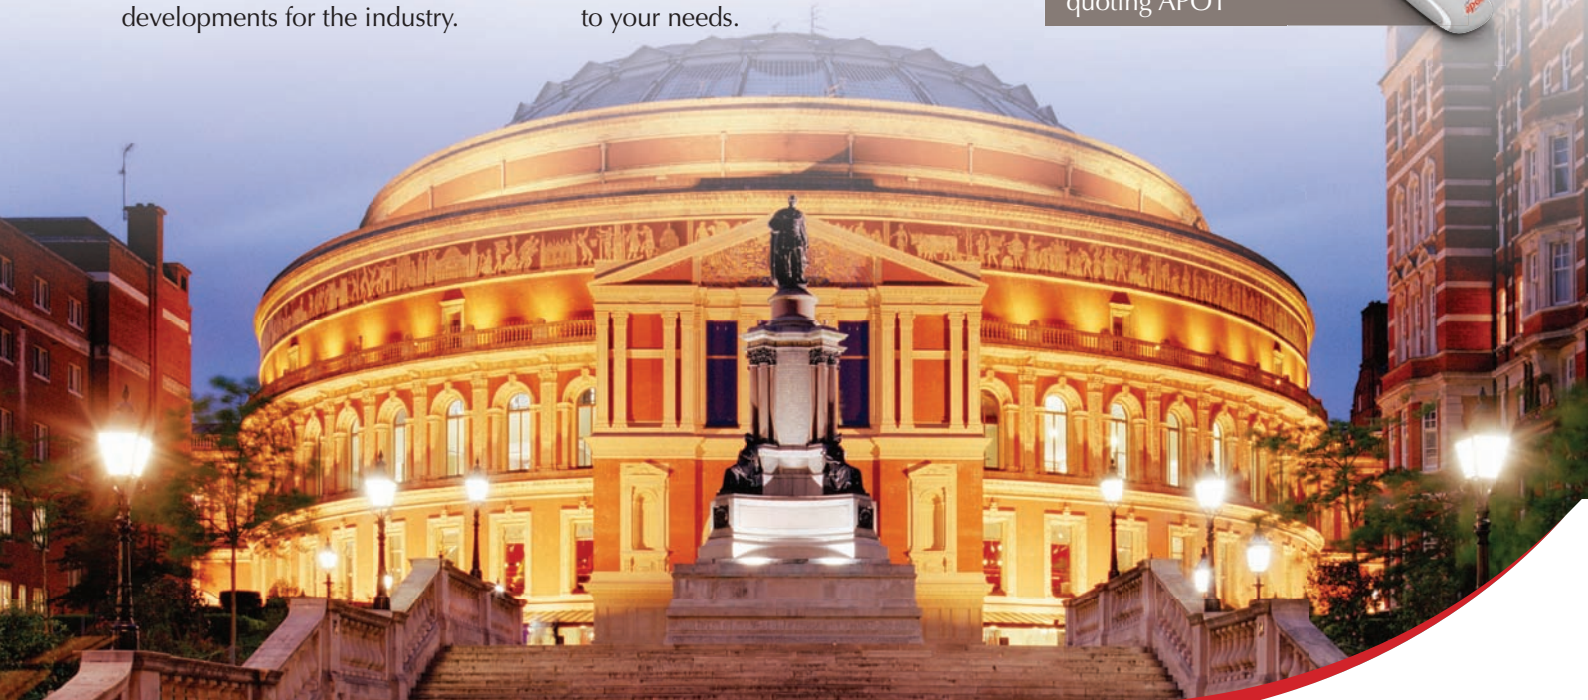

Anything else...

...in addition to all this, Apollo offers:

- FREE product training
- FREE CPD seminars
- FREE project support
- FREE use of our world class fire test laboratory
